micro

iCAN

1. Volume Control

2. Xbass®

Xbass® was uniquely-designed to extend the bass response to suit different headphones.

- Direct
- For bass shy headphones.
- For average bass headphones.

Tip: To start with, try the “●” setting. If bass response is still insufficient, then try the “●●●” setting.

3. 3D HolographicSound®

3D HolographicSound® recreates a holographic sound field like listening to a pair of speakers.

- 3D for flat sounding recordings.
- Direct
- 3D for recordings with excessive stereo effect.

Tip: For music with a greater than average emphasis on stereo content (e.g. classical, jazz, rock), try the “●” setting. This will move the performance from inside your head to in front of you. For flat or mono sounding music (e.g. pop), try the “●●●” setting. This will expand the sound stage

all around you.

Tip: Different albums/tracks may require different 3D HolographicSound settings to sound the best.

4. 6.3mm Headphone Jack

Connect headphone.

5. Gain Switches

Setting details and the micro switches to adjust gain are located on the underside of the iCAN.

6. DC Power input

Connect ONLY the iFi Ultra Low-Noise AC/DC adapter.

7. RCA Input.

From a music source with RCA connections.

8. 3.5mm Input.

From a music source with 3.5mm connections.

Tip: Only one input should be connected and used at a time.

warranty

In order to activate the warranty for this iFi product, you must register with the iFi website.

Component :

Serial no:

Terms & Conditions

iFi guarantees that this iFi product shall be free from defects in materials and workmanship for a period of 1 year for parts and labour.

The warranty period begins at the date of retail sale by an authorized iFi distributor/dealer and is subject to the following requirements and understandings:

- It is the responsibility of the buyer within 30 days from the original sale, to register and activate the product warranty with the iFi website.
- The original invoice must be produced for authentication prior to any warranty claim.
- The iFi product must not have been modified in any manner whatsoever, or the warranty will immediately become void.
- The iFi warranty is only valid in the country of original sale.
- The product must not have been stored in a humid environment; nor subjected to weather, water, or saltwater spray.
- iFi shall not, under any circumstances, be liable for any incidental or consequential damages arising from the loss of property or other damage or losses due to the failure of an iFi product. iFi is not liable for loss of use or inconvenience caused by the failure of an iFi product. iFi is not liable for damage caused to other audio components because of the failure of an iFi product.
- During the warranty period, iFi will repair the product to working order, or, at iFi's option, replace the defective module with a similar available product.
- All repairs performed after expiry of the warranty period will be charged to the owner and will carry a 180-day warranty on parts and labour. The customer is responsible for shipping the unit to the iFi distributor in the original packaging. This includes the payment of any shipping charges and related taxes.
- Should any warranty issues arise, the decision of iFi is full and final.
